Compiled from an extensive but incomplete UPP, Inc., report to American Tobacco at <http://legacy.library.ucsf.edu/tid/dpu90c00>; half a dozen other quarterly and annual lists reported by UPP to its client; and numerous other "feature memos," "results memos" and "monthly updates" from UPP through April, 1994, accessible by searches on "UPP." "Nominated" means that, while UPP claims to have supplied product, achieved placement or otherwise to have had contact with these productions, tobacco presence on screen has not been independently confirmed for purposes of this report.
